

Biography

Cassowary is the sound of contemporary Los Angeles, a sun-baked collision of the local flavors making the world cooler and stranger. The melting pot of influences is evident on "**She Funked Me**", a twisted post-disco haze and the 24-year-old multi-instrumentalist's Fat Possum debut.

The artist born, Miles Shannon, is a formidable tenor sax player and a graduate of the prestigious Los Angeles County High School for the Arts. His recording debut was nothing short of playing piano on **Earl Sweatshirt's** landmark 2015 depression suite *I Don't Like Shit, I Don't Go Outside*.

RIYL: Thundercat, Flying Lotus, Yussef Kamaal, King Krule, Earl Sweatshirt, Mike, Saba, Tyler the Creator, Rex Orange County, Buddy, BadBadNotGood, Standing on the Corner, Makaya McCraven
